Dear Patron:

I know you're busy, so we won't give you a long discussion on why you should recycle, chances are, you already know. So we'll just take a moment to tell you about our recycling program. We provide curbside pick up and drop-off locations (schedule is shown on next page) in your neighborhood for all the items listed. These items directly support the Homeless Shelter on York Road and our Family Shelter in Gettysburg. Your involvement in our recycling program helps us to provide shelter for the homeless, meals, job training, and counseling. All we ask is that you donate recyclable items that you may now be putting in the trash. On behalf of the homeless we "thank you" for any financial donations and for your clean recyclable items, which we will pick up as a free service to you. **WE ARE GRATEFUL FOR YOUR SUPPORT!**

**RECYCLABLE ITEMS WE ACCEPT**

- ☞ **Aluminum Cans and Scrap** - Please remove webbing from lawn chairs
- ☞ **Bi-metal (tin) cans** - Labels may be left on, but please rinse all cans & bottles for everyone's health and sanitation
- ☞ **Cardboard** - Corrugated boxes, cereal boxes, shoe boxes, etc.
- ☞ **Clothing & Textiles** - Please bag or box useable clothing separately. You can label un-usable items and rags as "*textiles*" (No oily or wet clothing please)
- ☞ **Furniture & Appliances** - Please call ahead for a pick-up or you can drop off furniture (in good shape only) or appliances (in working condition) at the Mission from 8:30 am to 4:00 p.m. Monday through Saturday. If you have any questions, please call (717) 334-7502
- ☞ **Glass** - Any color, no need to remove labels. *Please Rinse (Bottles Only)*
- NEW!* **Magazines** - Glossy inserts from the newspaper can be included with magazines
- ☞ **Newspaper** - No glossy inserts mixed in with the newsprint, please
- ☞ **Paper Bags** - Paper ONLY, not glossy finish
- ☞ **Plastic** - Unfortunately, we still can not pick up plastic at the curb (space problem in trucks) but we do provide a monthly drop-off point near your home (see list on next page) or you can drop it at the Mission during business hours. **We now**
- NEW!* **accept all #1 through #7 plastics** (check the bottom for a triangle symbol with a number in it.)
- ☞ **Plastic Bags** are also accepted now!
- ☞ **White Paper** - Notebook paper, copy paper (any color), card stock, stationery, church bulletins, office paper, computer paper, some junk mail (please remove plastic window envelopes and glossy inserts)

The A.R.M. Recycling Center is open from 9:00 am to 6:00 p.m. Monday through Saturday. **For your convenience all recyclables may be dropped off at the Mission during the above hours.** Call for details regarding holiday hours.

\*\* We also operate an excellent clothing and furniture thrift store. Come in and shop with us for some great deals!

**Paint (Old) - Handling & Disposal**

*Oil based paint has a shelf life of 15 years; water based paint has a shelf life of 10 years if it has not been repeatedly frozen and thawed. Old paint is usable if it mixes when you stir it & no lumps appear when you brush it on a surface.*

**Paint (Old) - Handling & Disposal – con’t**

*To safely dispose of non-aerosol, unusable paint/stain (oil or water-based) - mix kitty litter, commercial hardener (available at hardware stores, Bio-Wash Paint Hardener Product treats 4 gallons of paint), shredded newspaper, sand or other absorbent material with the old paint until it solidifies. Seal the can tightly and place in your regular trash.*

**Composting at Home** - Recycling the natural way saves money and improves your soil at the same time. Composting is a process involving naturally occurring microbes that break down organic materials like kitchen scraps, grass clippings, leaves and wood waste into a dark rich substance called humus - an excellent soil conditioner and fertilizer.

Composting can be done in a commercial composting container, or by simply piling the organic wastes in a mound. ***Just follow the compost recipe:***

<b>MATERIALS THAT SHOULD BE COMPOSTED:</b>	
<b>Greens (high in nitrogen)</b>	<b>Browns (high in carbon)</b>
manure (cow, horse, & chicken) grass prunings weeds house plants citrus rinds vegetables coffee grounds coffee filters tea bags egg shells	dead leaves straw wood chips bark saw dust newspaper (shredded) brush (chipped) corn stalks
<b>MATERIALS THAT SHOULD <u>NOT</u> BE COMPOSTED:</b>	
Bones oil fat dairy meat & fish scraps	dog & cat wastes grease diseased plants weed seeds

The proper blending of green and brown materials allows microbes to work on breaking down the organic materials to form compost - here are the steps:

1. As a general rule combine 1 part green to 3 parts brown - this will help to keep your compost odor free.
2. Regular mixing or stirring of the compost should take place to ensure that air is reaching the center of the pile.
3. Composting materials should feel moist but not soggy. Compost should feel warm to the touch.
4. Compost is ready for use when it looks dark and crumbly. A test to ensure compost is finished is to seal a small amount in a plastic bag for 2 days - if no strong odors are released when the bag is opened, the compost is done.
5. Finished compost can be used as a mulch or soil nutrient.
